HSA Objects

The Objects of the HSA are:

1. The promotion of humane methods of slaughter;
2. The introduction of reforms in livestock markets (including transport facilities) where needed to prevent the suffering of animals.

What does the HSA do?

The Humane Slaughter Association is the only registered charity which specialises exclusively in the welfare worldwide of food animals in markets, during transport and at slaughter. It is an independent organisation, beholden to neither political nor trade nor emotional pressures, and is thus able to play an unbiased role in promoting the humane treatment of livestock.

The HSA achieves its aims by:

- arranging practical training sessions
- producing videos and publications
- funding research projects
- visiting markets and abattoirs
- providing constructive advice and information

all targeted towards those involved in animal handling, transport and slaughter. This positive, rational approach continues to achieve significant improvements to food animal welfare.
